

**FROM THE PRESIDENT'S DESK
SDF - Progress Report**

Dr. W. W. Morrison, President and CEO

Dear Christian friends and supporters of Christian education,

We are delighted that you have chosen to share this special time with us today and we hope you will enjoy the program we have planned for your edification and information.

The foundation continues its work of perpetuating the work for which it was designed by our founder Brother J.S. Winston, Sr., that is to support Southwestern Christian College financially, by providing scholarships to worthy students who are interested in continuing their education in the field of Bible studies and Christian education.

We have also provided financial assistance to the college for the 25 years in support toward other programs, we have given approximately \$500,000.00 in support of our school, including scholarships, building project and support in general.

In April 2006, the first student cottage was completed by the foundation and dedicated as living quarters for ministerial students.

Beside supporting nine ministerial students this past school year and paying down the balance on the J.S. Winston Cottage building project loan, we contributed \$10,000.00 toward the rebuilding of the Administration Building destroyed by fire.

During the 2008-2009 school years, we will assist students based on their need and continue our day to day operations. We are truly thankful for your prayers, encouragement and financial support through the years. Please help us keep Brother Winston's dream alive. Send contributions to:

J.S. Winston Sound Doctrine Foundation
